To: Governor Gavin Newsom

Cc: CC1 Maldonado, CDCR

I am writing to ask you to commute Joe Hunt's sentence, to allow a parole board to consider him for release from prison. I know Joe and have been inspired by him through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly.

I believe that no man or woman should be locked up forever, provided they exhibit excellent behavior. Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

Based on a review of FreeJoeHunt.com, it seems that Joe, now age 60, has been caught up for over 35 years in a legal system that does not appear to have given him a fair shake. In spite of that, he has maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates. He recently developed cardiomyopathy and is at high-risk for COVID-19. It does not serve society to keep Joe locked up -- it just wastes taxpayer money.

I believe, for these reasons, that Joe is a very strong candidate for commutation. **If he is released, he would be welcomed with wide open arms by our Ananda spiritual community.** Would you please give him a chance to be considered by the parole board for release?

Thank you for your kind consideration. I can be reached via the below contact information if you need to do so for any reason.

Sincerely,

Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

Based on a review of FreeJoeHunt.com, it seems that Joe, now age 60, has been caught up for over 35 years in a legal system that does not appear to have given him a fair shake. In spite of that, he has maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates. He recently developed cardiomyopathy and is at high-risk for COVID-19. It does not serve society to keep Joe locked up -- it just wastes taxpayer money.

I believe, for these reasons, that Joe is a very strong candidate for commutation. **If he is released, he would be welcomed with wide open arms by our Ananda spiritual community.** Would you please give him a chance to be considered by the parole board for release?

Thank you for your kind consideration. I can be reached via the below contact information if you need to do so for any reason.

I am writing to ask you to commute Joe Hunt's sentence, to allow a parole board to consider him for release from prison. I know Joe and have been inspired by him through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly.

I believe that no man or woman should be locked up forever, provided they exhibit excellent behavior. Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

Based on a review of FreeJoeHunt.com, it seems that Joe, now age 60, has been caught up for over 35 years in a legal system that does not appear to have given him a fair shake. In spite of that, he has maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates. He recently developed cardiomyopathy and is at high-risk for COVID-19. It does not serve society to keep Joe locked up -- it just wastes taxpayer money.

I believe, for these reasons, that Joe is a very strong candidate for commutation. **If he is released, he would be welcomed with wide open arms by our Ananda spiritual community.** Would you please give him a chance to be considered by the parole board for release?

Thank you for your kind consideration. I can be reached via the below contact information if you need to do so for any reason.

I am writing to ask you to commute Joe Hunt's sentence, to allow a parole board to consider him for release from prison. I know Joe and have been inspired by him through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly.

I believe that no man or woman should be locked up forever, provided they exhibit excellent behavior. Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

Though I have never actually met Joe in person, I consider him a dear friend and inspiration. Over the years I have watched Joe respond to his challenges with inner peace, integrity and selfless service. Despite his circumstances, Joe continually gives to others. He helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates.

Based on a review of FreeJoeHunt.com, it seems that Joe, now age 60, has been caught up for over 35 years in a legal system that does not appear to have given him a fair shake. In spite of that, he has maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates. He recently developed cardiomyopathy and is at high-risk for COVID-19. It does not serve society to keep Joe locked up -- it just wastes taxpayer money.

I believe, for these reasons, that Joe is a very strong candidate for commutation. **If he is released, he would be welcomed with wide open arms by our Ananda spiritual community.** Would you please give him a chance to be considered by the parole board for release?

Thank you for your kind consideration. I can be reached via the below contact information if you need to do so for any reason.

I am writing to ask you to commute Joe Hunt's sentence, to allow a parole board to consider him for release from prison. I know Joe and have been inspired by him through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly.

I believe that no man or woman should be locked up forever, provided they exhibit excellent behavior. Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

I know Joe through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly. I've been inspired by his deep commitment to spiritual principles and to living a positive useful life in difficult circumstances. Everything he has learned and studied while in prison he has used not just to advance his own cause, but to be of service and help to many others. This is why I think he will be an asset to society if released.

Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

Based on a review of FreeJoeHunt.com, it seems that Joe, now age 60, has been caught up for over 35 years in a legal system that does not appear to have given him a fair shake. In spite of that, he has maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates. He recently developed cardiomyopathy and is at high-risk for COVID-19. It does not serve society to keep Joe locked up -- it just wastes taxpayer money.

I believe, for these reasons, that Joe is a very strong candidate for commutation. **If he is released, he would be welcomed with wide open arms by our Ananda spiritual community.** Would you please give him a chance to be considered by the parole board for release?

Thank you for your kind consideration. I can be reached via the below contact information if you need to do so for any reason.

I am writing to ask you to commute Joe Hunt's sentence, to allow a parole board to consider him for release from prison. I know Joe and have been inspired by him through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly.

I believe that no man or woman should be locked up forever, provided they exhibit excellent behavior. Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

Based on a review of FreeJoeHunt.com, it seems that Joe, now age 60, has been caught up for over 35 years in a legal system that does not appear to have given him a fair shake. In spite of that, he has maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates. He recently developed cardiomyopathy and is at high-risk for COVID-19. It does not serve society to keep Joe locked up -- it just wastes taxpayer money.

I believe, for these reasons, that Joe is a very strong candidate for commutation. **If he is released, he would be welcomed with wide open arms by our Ananda spiritual community.** Would you please give him a chance to be considered by the parole board for release?

Thank you for your kind consideration. I can be reached via the below contact information if you need to do so for any reason.

Sincerely,

I am writing to ask you to commute Joe Hunt's sentence, to allow a parole board to consider him for release from prison. I know Joe and have been inspired by him through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly.

I believe that no man or woman should be locked up forever, provided they exhibit excellent behavior. Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

On a more personal note, my daughter happens to be an attorney in Los Angeles. She has related to me on several occasions where the justice system has not been fair to the citizens of this great state. I believe this happens to be another situation where justice has not been served. In spite of that, Joe has maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church.
