To: Governor Gavin Newsom

Cc: CC1 Maldonado, CDCR

I am writing to ask you to commute Joe Hunt's sentence, to allow a parole board to consider him for release from prison. I know Joe and have been inspired by him through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly.

I believe that no man or woman should be locked up forever, provided they exhibit excellent behavior. Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

Based on a review of FreeJoeHunt.com, it seems that Joe, now age 60, has been caught up for over 35 years in a legal system that does not appear to have given him a fair shake. In spite of that, he has maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates. He recently developed cardiomyopathy and is at high-risk for COVID-19. It does not serve society to keep Joe locked up -- it just wastes taxpayer money.

I believe, for these reasons, that Joe is a very strong candidate for commutation. **If he is released, he would be welcomed with wide open arms by our Ananda spiritual community.** Would you please give him a chance to be considered by the parole board for release?

Thank you for your kind consideration. I can be reached via the below contact information if you need to do so for any reason.

Sincerely,

I am writing with request for commutation of Joe Hunt's sentence, to allow a parole board to consider him for release from prison. I have read about Joe and have been inspired by his story, which I believe began when everyone must have thought it has ended, with the beginning of his incarceration some 35 years back.

I am by no means a legal expert, but I do believe that no one should be locked up forever if they exhibit excellent behavior. If the objective of any legal sentence is 'correction' then surely **rehabilitated, elderly inmates who have strong community backing should be released.**

Throughout his 35 years in the correctional system, he seems to have maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates.

If Joe is released, he would be welcomed with wide open arms by his family and the Ananda spiritual community. Would you please give him a chance to be considered by the parole board for release?

Thank you for your kind consideration.

Sincerely,

Abhijit Tripathi

He recently developed cardiomyopathy and is at high-risk for COVID-19. It does not serve society to keep Joe locked up -- it just wastes taxpayer money.

I believe, for these reasons, that Joe is a very strong candidate for commutation. **If he is released, he would be welcomed with wide open arms by our Ananda spiritual community.** Would you please give him a chance to be considered by the parole board for release?

Thank you for your kind consideration. I can be reached via the below contact information if you need to do so for any reason.

I am writing to ask you to commute Joe Hunt's sentence, to allow a parole board to consider him for release from prison. I know Joe and have been inspired by him through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly.

I believe that no man or woman should be locked up forever, provided they exhibit excellent behavior. Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

Based on a review of FreeJoeHunt.com, it seems that Joe, now age 60, has been caught up for over 35 years in a legal system that does not appear to have given him a fair shake. In spite of that, he has maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates. He recently developed cardiomyopathy and is at high-risk for COVID-19. It does not serve society to keep Joe locked up -- it just wastes taxpayer money.

My name is Joseph Cornell. I live at Ananda Village and have created Sharing Nature Worldwide, a method of sharing nature with children and adults that is used in virtually every country in the world. I know Joe through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly.

I know Joe and have been inspired by him through his interactions with our spiritual community as well as through his family members and ministers of Ananda Church, who know him directly.

I believe that no man or woman should be locked up forever, provided they exhibit excellent behavior. Fiscal responsibility to the taxpayers, compassion for the human condition, and common sense all lead one to conclude that **rehabilitated, elderly inmates who have strong community backing should be released.**

Based on a review of FreeJoeHunt.com, it seems that Joe, now age 60, has been caught up for over 35 years in a legal system that does not appear to have given him a fair shake. In spite of that, he has maintained a very uplifted view of life, helped fellow inmates with health and legal issues, and raised money for his church. He co-founded the first men's group in a California prison, and he has maintained a zero-violence record while in some of the most dangerous prisons in California, putting him in the top 1% of inmates. He recently developed cardiomyopathy and is at high-risk for COVID-19. It does not serve society to keep Joe locked up -- it just wastes taxpayer money.

I believe, for these reasons, that Joe is a very strong candidate for commutation. **If he is released, he would be welcomed with wide open arms by our Ananda spiritual community.** Would you please give him a chance to be considered by the parole board for release?

Thank you for your kind consideration. I can be reached via the below contact information if you need to do so for any reason.
